-New Team in October> voting taking place now

1. School Updates:

-Teaching/Resource: Kendall started Monday. He worked at Bracken last year during April/May as second resource teacher. We were allocated funds for a teacher and aide. We are still working on filling the aide position. 1 person interviewed for position but turned it down.

- Kinder is going magnet next year:
- 1:22 student to teacher ratio. Will be adding 2 or 3 new kinder rooms. There will be over 600 students next year with the addition of more kinder classrooms so Stanica is hoping for a full time AP (which you supposed to get at 530 students).
